

Rachel Barnes

Software Engineer

Chester, PA - Email me on Indeed: [indeed.com/r/Rachel-Barnes/601da85e106acdb6](https://www.indeed.com/r/Rachel-Barnes/601da85e106acdb6)

I am a self-starter who is looking for a full-time position in a good company as an Entry Level Software Engineer.
Willing to relocate to: Philadelphia, PA - Phoenixville, PA
Authorized to work in the US for any employer

WORK EXPERIENCE

Associate Software Engineer

SmartStream Technologies - Philadelphia, PA - January 2016 to Present

I work on a team that focuses on giving our clients the highest quality software. On this team, I am teaching myself and learning C#, JavaScript as well as learning from other people. I am also gaining more experience with HTML, CSS and Angular 2 for JavaScript. While learning these languages, I am also learning new programming concepts.

I manage multiple virtual machines of various versions of our product as well as research potential Agile concepts that could help our team be more successful and write reports for the team.

Deli Clerk; Cake Decorator

Kroger Co, The Fresh Market, Kyj's Bakery - Lynchburg, VA - May 2014 to January 2016

customer service, decorating custom ordered cakes, stocking baked goods, general cleaning and closing duties; organizing bakery freezer

Throws Official, Implement Weigh-in Clerk

Liberty University Track and Field - December 2014 to April 2015

Teacher's Assistant

Middlesex County College Child Care Center - Edison, NJ - June 2009 to September 2009

I assisted the teacher who was responsible for the 3 year olds in the preschool. I helped the teacher show how to do crafts and projects to the children as well as I helped teach lessons. I also served lunch and monitored the children during their playtime inside and outside.

EDUCATION

Bachelor of Science in Women's Ministries

Liberty University - Lynchburg, VA
2010 to 2015

SKILLS

Microsoft Office (10+ years), Visual Studios (Less than 1 year), Learning languages quickly (5 years),
Baking and Cake Decorating (2 years)
