WORK EXPERIENCE

Clinical Pharmacist

United Healthcare - Philadelphia, PA - December 2015 to Present

Responsibilities

- Approve or deny prior authorization requests from prescribers based on clinical and formulary policies
- Recommend alternative drug therapies and alternative courses of treatment
- Handle any escalated calls and other issues that may arise in the clinical call center to ensure excellent customer service for each member
- Look up members' pharmacy claims to ensure correct billing and eligibility

Clinical Pharmacist

Enclara Pharmacia - Philadelphia, PA - May 2015 to December 2015

- Consult with nurses and prescribers and recommend appropriate pain and symptom management therapies.
- Educate nurses and caregivers to improve medication therapy and patients' comfort.
- Collaborate with nurses to create a cost-effective medication care plan based on formulary.
- Work to enhance patients' quality of life.

Pharmacist

Walgreens Pharmacy - Mount Ephraim, NJ - 2006 to 2015

- Fill and verify prescriptions at retail pharmacy.
- Supervise pharmacy technicians in drug preparation and distribution activities to provide safe, efficient care for patients.
- Manage the pharmacy inventory to decrease shrinkage and ensure necessary medications remain in stock.
- Liaise with insurance providers on behalf of patients, including Medicaid, Medicare, and private insurers.
- Consult with medical professionals regarding drug therapies for patients.
- Administer immunizations.
- Conduct drug utilization reviews, drug interventions, and medication therapy management.
- Instruct patients in diabetes care management (including instructing patients in using glucometer and insulin pens).
- Selected to participate as a pharmacist consultant in a pilot program to provide pharmaceutical counseling to HIV patients to increase the success of medication adherence.
