WORK EXPERIENCE

Clinical Pharmacist

New England Life Care, Home Infusion Therapy Services - Woburn, MA - July 2014 to Present

- Work closely with the Regional Director of Pharmacy to update and develop competency modules for new hire pharmacists
- Review prescriptions issued by physicians to assure accuracy and determine formulas and ingredients needed for dispensing the order
- Collaboratively assess the suitability of each patient for home infusion therapy
- Participate in weekly rounds with NELC Medical Director
- Develop, implement, and monitor patient's individualized plan of care to include setting of therapeutic goals, monitoring of progress to goals and ongoing communication with the prescribing physician
- Collaborate with intake coordinators and clinical liaisons to coordinate and promote a safe transition of care from the hospital to the patient's home
- Monitor all physician orders for drug/drug interactions, duplication of therapy and appropriateness of drug order
- Review patient specific labs with registered dietitians to make recommendations to provide adequate macro and micronutrients in patient specific total parenteral nutrition (TPN)
- Verify compounded products, including chemotherapy, TPN, and IV antibiotics for accuracy
- Supervise patient service representatives and pharmacy technicians within the pharmacy to maintain an efficient workflow
- Act as clinical resource for all members of the healthcare team, including visiting nurses in the field, to coordinate care, educate on potential drug interactions, medication side effects, dosage and storage information.

Pharmacy Intern

New England Life Care, Home Infusion Therapy Services - Woburn, MA - July 2011 to July 2014

- Created a new USP Chapter <797> training video for pharmacy staff
- Collaborated with other members of the pharmacy team in research projects focusing on sterile compounding
- Followed USP Chapter <797> Guidelines
- Reconstituted drugs according to compound record
- Followed compound record to make appropriate pharmaceutical product: IV bag, IV syringe, intermate, etc.
- Followed chemotherapy protocol to safely compound chemotherapy products
- Operated Baxa 2400 software to make total parenteral nutrition infusions

Pharmacy Intern

CVS Pharmacy - Wilmington, MA - May 2010 to April 2014

- Assisted management in the development of an action plan to improve key performance measures
- Greeted customers and process computerized prescription entry and billing
- Resolved third party issues when they arise

- Transferred prescriptions in and out of the pharmacy
- Provided friendly and informative patient counseling and education on prescription medicines, over-the-counter medicines, vitamins and herbal supplements, and medical devices
- Assisted management in the development of an action plan to improve key performance measures

Pharmacy Intern

Commonwealth of Massachusetts - Boston, MA - February 2013 to January 2014

239 Causeway St., Boston, MA 02114

APPE Elective Rotation: January 2, 2014- February 7, 2013

Preceptor: William Frisch, RPh

- Worked with investigators in the Department of Public Health to write formal case reports based on consumer complaints to present at monthly Board of Registration in Pharmacy meetings
- Compiled an excel spreadsheet including every registered pharmacy in Massachusetts and the date of last inspection
- Collaborated with an APPE student to create a presentation for CEU credit
- Shadowed investigators during inspections at pharmacies throughout Massachusetts
