WORK EXPERIENCE

Staff Pharmacist

CVS Health - Collegeville, PA - August 2010 to Present

- Dispensed prescription medications efficiently and accurately
- Counseled patients on proper administration of prescription and OTC medications
- Monitored patient medication compliance through weekly phone call reminders
- Identified and resolved therapy duplications, contraindications, and drug-interactions with healthcare professionals to provide adequate patient care
- Managed insurance rejections and prior authorizations
- Collaborated with various health care professionals including physicians, nurses, and other pharmacists to optimize patient care
- Provided various immunizations to patients including Influenza, Shingles, Pneumonia vaccines and others
- Performed regular inventories of pharmaceuticals including CII and other medical supplies
- Compounded extemporaneous prescriptions such as ointments
- Supervised and coached a staff of pharmacy interns, technicians and clerks
- Exemplified commitment in facilitating training and compliance programs to pharmacy interns and technicians to advance their knowledge and skills
- Maintained daily and weekly pharmacy reports

Pharmacy Intern

CVS Health - Lansdale, PA - October 2003 to July 2010

- Received and processed new prescriptions via phone from prescribers
- Provided excellent customer service
- Resolved and processed insurance claims
- Transferred prescriptions to and from other pharmacies
- Performed all register transactions
- Compounded prescriptions under direction supervision of the pharmacist
- Communicated with other healthcare workers to optimize patient care
- Counseled patients on basic tests, such as taking blood pressure and checking blood sugar

Pharmacy Intern

ExcelleRx - Philadelphia, PA - June 2008 to August 2008

- Compiled and updated medication lists for pharmacist review
- Provided excellent customer service to hospice partners
- Assisted local pharmacies with hospice care billing
- Triaged phone calls from nurses and other healthcare professionals
- Assisted callers in tracking packages for hospice patients

EDUCATION

Doctor of Pharmacy
