Engineering internship with the Safety, Health, and Environmental Department

Laboratory Researcher

Rowan University - Glassboro, NJ - July 2010 to September 2010

Chemical / Bioengineering projects.

Lab Technician

Rowan University - Glassboro, NJ - June 2009 to January 2010

Worked at a lab technician with Rowan University's Chemical Engineering Process Technician fixing, calibrating, and servicing equipment.

EDUCATION

Bachelor of Science in Chemical Engineering

Rowan University - Glassboro, NJ

May 2012

SKILLS

Microsoft Word, Microsoft Excel, Microsoft Power Point, Microsoft Outlook, Lotus Notes Databases, Lotus Notes Mail, SAP, Minitab, Noise meter, Velocity meter, Air monitoring equipment, Calibration equipment, PPE Selection, Asbestos sampling, Noise Surveys, Ventilation Surveys, Safety Health Environmental 2nd Party auditing, Aspen Process Explorer, P&IDs

CERTIFICATIONS

Fundamentals of Industrial Hygiene

August 2012 to Present

UNC Institute of Public Health - 34 hour Industrial Hygiene overview course

Respiratory Protection

October 2012 to Present

OSHA 2225: Respiratory Protection. Atlantic OSHA training center

PSM Process Technology Foundation training

October 2013 to Present

DuPont Process Safety Management training

Process Hazard Analysis in depth training

December 2014 to Present

Dupont Process Safety Management Training

Dupont Six Sigma Green Belt

November 2014 to Present
