To obtain a position as a Maintenance Engineer/Housekeeping within a management or a health facility services capacity.

Summary Of my qualifications: I perform the following duties such as cleaned rooms and maintain patient care. I also interact with the patients, played games and feed them.

I refer to the computer when needed for the patient room numbers and other personnel needs. I have computer skills such as excel, word, and SQL data base. I used my CPR skills to help take the patient temperature, blood pressure and the heart rate.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

WORK EXPERIENCE

Housekeeping

Sleep Inn - Philadelphia, PA - January 2016 to May 2016

Housekeeping

Caring Heart - Philadelphia, PA - December 2012 to June 2014

I took care of patients in which I clean them and feed them to. I also was responsible for maintaining their blood pressure, temperature, and heart rate. I had to schedule appointments and made sure they were ready for everyday task.

I also gave out medication

Private Caregiver

Pennsylvania Caring Agency - Philadelphia, PA - February 2009 to May 2012

I took care of elderly patients. I feed, clean, clothes patients. I made sure that are necessary appointment were made and kept. And meds were given on time. I interacted with each patient. I file and prepare medical charts, retrieve and perform all clerical duties associated with retention, maintenance, and disposition. I also utilize the computer to charge out and check in patients.

File Room Technician/Special Care Unit

St Christopher Hospital For Children - Philadelphia, PA - January 2007 to June 2008

I used guardianship and control all administrative and medical records.

I also utilize the computer to charge out, and check in records and re-file returned records. I use the filing guides, or other appropriate locator number or other identification in order to obtain records from the files. I had to keep focus and pay attention so that all file was put in the proper place. I provided excellent communication skills showing courteous, concern and compassion when dealing with the patient so I could ensure their family members that they were safe and in good hands.

Home Health Aide

Lamunda's Manor - Philadelphia, PA - April 2006 to August 2007

Aid Assistance - I was responsible for various duties, such as taking care of patients. Cleaning their rooms and bathrooms making sure that their meds was giving to them on time. I feed them and made sure they kept all appointment and schedule follow up when needed.
