## WORK EXPERIENCE

### Housekeeping

Protocall Healthcare Staffing - Cherry Hill, NJ - February 2016 to May 2016

#### Responsibilities

I was staffed at Kennedy University hospital in Washington twp. I reported there in the mornings, received my assigned team and pulled all the trash on the assigned floors first. Then, we daily cleaned rooms and core areas but get assigned discharge rooms through out the day

#### Accomplishments

I tried to just make it fun because everybody I worked with was miserable so I brought as much of a positive attitude as I possibly could. I learned how to deal with different personalities and behaviors.

#### Skills Used

I demonstrated patience and even brought the skills I obtained before working there. I always stayed consistent with the attention to detail

### Housekeeping

Crothall Healthcare - Camden, NJ - February 2015 to November 2015

#### Responsibilities

I mostly cleaned discharge rooms which is a complete detail clean wiping everything down, moving chairs, cleaning showers, and making up the beds. I also cleaned doctors offices and on call rooms. Also, policing areas where trashes frequently gets pulled.

#### Accomplishments

I brought positivity, I always bring positivity. I'm outgoing and always have smile on my face, no matter how my days going.

#### Skills Used

I learned to really detail and perfect the task at hand because hospitals are crawling with germs and it's easy to spread so everything gets wiped down thoroughly.

### Housekeeping

PowerBack Rehab, Voorhees - Voorhees, NJ - September 2014 to March 2015

#### Responsibilities

We'd come in, get our assigned hallways and begin by checking each room, check toilet paper and see if there's any discharges. The number of discharged rooms ranged between 1-6 rooms a day but we also had an area clean and 37 daily rooms we had to clean.

#### Accomplishments

I brought my smile as usual but also made a few friends that I still speak to till this day. I love people, you never know who they are so you always treat everybody the same as if they were family.

#### Skills Used

People interaction, I had a lot of interaction with patients and their families and I'm always kind. I'll speak, make sure I introduce myself and respect anyone I come across

## EDUCATION

### **High School Diploma**

Timber creek regional - Erial, NJ

2009 to 2012
