### WORK EXPERIENCE

#### Pharmacist

Philidor Rx Services - June 2015 to Present

Verify Prescription for safety and accuracy before being shipped out to patients Perform verbal consultations over the phone to patients in regards to their medication (interactions, SE, usage, and any other concerns)

- 1 of the top verifiers able to work at a very fast pace ensuring safety, efficiency and accuracy given the high volume requirement of the pharmacy (>10,000 rxs per day)
- Able to multi-task between different areas of operations based on need

#### Associate Director

Brand Management - November 2014 to June 2015

Clients involve Pharmaceutical, Biotech, Medical Device, and consumer companies.

- Provide pertinent medical information to the internal team on the given medication, disease state, or labelling requirements.
- Give presentation to the clients as it pertains to their product, project, and safety medical information utilizing PubMed, FDA website, clinical trials, and other health related resources. Evaluate pertinent published medical literature as it relates to our client and their product.
- Efficiently manage multiple projects involving safety, brand, non-prop, visual identity, and market research initiatives.
- Knowledge of FDA, USAN, INN, EU, Japan, and Health Canada guidelines for Brand and Non-Prop nomenclature creation, Trademark Research, Market and Safety Research, Drug Safety, Linguistics Research, and POCA/FMEA Analysis.
- Assist clients with USAN/INN submission with proper procedure/documents and follow up accordingly with agencies till name approval.
- Conduct presentations, pitches, and conference calls to acquire new projects and conduct workshops for current projects.
- Interact closely with C-level executives from commercial, marketing, regulatory, and global operations teams to ensure multiple project deliverables are met to the highest standards and within time frames.

#### Pharmacy Manager

Walgreens Pharmacy - October 2010 to November 2014

Started working as an intern 10/2006, floater pharmacist after graduation 06/2010 and promoted directly to pharmacy manager 10/2010

- Directly responsibility for all the pharmacy operations and staff (2 staff pharmacists, 5 technicians and 1 intern).
- Provide patient care using evidence-based guidelines and insurance formularies in coordination with physicians/health care professionals.
- Communicate with physicians, nurses, and other pharmacists as it relates to medical information safety of the patients.

- Ensure patient safety performing drug utilization reviews and consultations for prescriptions/ over-the-counter medications to prevent drug-drug/health interactions.
- Provided presentation on medical information and consultation to physicians and patients on given therapeutic disease/medication as part of health fairs.
- Responsible for training and mentorship for my technicians and intern. Conduct yearly performance reviews for all my staff, training new staff/interns and hire based on need.
- Experience with immunization services, new to therapy consultation calls, travel health services/vaccination, health tests/consultations, and perform clinical MTM reviews (mixa/outcomes) for eligible patients.
- Responsible for meeting corporate set goals, maintaining inventory, and monitoring that rules/guidelines are being followed as set by the pharmacy board.
