ADDITIONAL INFORMATION

I have 2 year + experience in the entire hospitality field which started with Cooking which lead to serving ' I have experience in Front of the house serving which ensures that the table is properly set for each course, that the food is properly delivered to the table, and that the needs of the guests are courteously met & Back of the house servers which clears plates between courses, fills water glasses and bread baskets, and assists the front waiter as needed & I was taught this through out the time I was in culinary school & now I have been building up experience in housekeeping at The Rittenhouse Hotel with a contract company and soon hope to have the whole hospitality field down pack & can start a new work field !
