WORK EXPERIENCE

Supplier Quality Engineer

Sikorsky Helicopters - Coatesville, PA - September 2000 to Present

Sikorsky Helicopters a Lockheed Martin Company.

Responsible for supplier quality on the following product lines: S-92, S-76 and S-300 Production / Completions and at the Final Delivery Center including Receiving Inspection / Quality Clinic and Customer Complaints.

Collect and provide supplier performance metrics to management including maintaining a supplier rating of <500 DPPM.

Issue corrective action plans to the top non-conforming suppliers to bring them back into compliance.

Review and approve standard work for determining supplier's 3D CATIA capabilities.

Act as Business Area Export Representative for the supplier quality department.

Perform internal quality system audits including AS9100C, external supplier quality system audits and Repair Station Audits.

Manufactured parts detail inspection including: machining, sheet metal, paint, Pre-Preg and composite.

Have been responsible for the PMA inspection process including all associated inspection, documentation, FAA/PMA application/approval process and training new inspectors. Acted as an FAA Inspection AR for STC conformity, engineering projects, drawing reviews, and issuance of FAA Form 8130-3 (Airworthiness Approval Tag) for (7 yrs).

Lead Inspector -NASA 777 Project

SEOS DISPLAYS - Avondale, PA - March 1999 to September 2000

SEOS Displays is a world supplier of Panoramic Display platforms (Flight Simulators) for the Aerospace Industry.

Provided certified inspection services and worked with engineering and in-house NASA auditors on project accuracy and compliance. Established and maintain inspection records with document traceability.

Inspector- Receiving Inspection

SMITH INDUSTRIES - Aerospace & Defense - Malvern, PA - January 1996 to March 1999

Smith's Industries is one of the largest suppliers of commercial and military in flight navigational equipment.

Conducted various quality audits, including production, final assembly, finished and returned goods.

Trained other inspectors and temporary associates in ISO 9000 techniques and TQM methods.

Acted as a mediator for Smith's Industries and Boeing source inspectors during final contract conformance audits.

Developed and implemented more efficient auditing procedures.

Resume

Mechanical Inspector

C. A. SPALDING - Philadelphia, PA - May 1995 to August 1995

C.A. Spalding is major parts manufacturer/supplier to various manufacturers including Martin Marietta, Lockheed, Boeing, the US Government, NASA and the military.

Responsible for first piece inspection of aircraft components. Proficient in commercial and military documentation procedures.

Quality Control Inspector

DIVERSIFIED ELECTRONICS/VALLEY FORGE SCIENTIFIC - Philadelphia, PA - June 1994 to April 1995

An industry leader in the manufacturer of medical delivery systems and surgical equipment. Responsible for the receiving, manufacturing and final assembly inspection. I supervised the construction and reorganization of the stockroom and gained knowledge and inspection skills in GMP and FDA requirements.

Data Operations

THE FRANKLIN MINT - Media, PA - October 1993 to May 1994

Operated the mainframe computer system and managed all print room operations.

Quality Control In-Process Inspector

MARS ELECTRONICS - West Chester, PA - June 1985 to October 1993

I directed special projects, such as engineering modifications and new product implementations. I improved procedures and methods of in-process inspections to efficiently capture defects.
