WORK EXPERIENCE

Pharmacist

Rite Aid Pharmacy - June 2014 to Present

- Verify for the appropriateness and accuracy of prescription orders
- Ensure federal, state, and company regulations are met for pharmacy operation
- Manage pharmacy technicians, delegate responsibilities, and work in a team using an effective work-flow process
- Perform MTM and company sponsored point of care (POC) consultations on patient medications in order to increase patient adherence, manage drug adverse effects, and drive company business
- Identify candidates and administer vaccines such as the influenza, shingles, and pneumonia vaccines
- Compound prescription medications, perform medication inventory, and return outdated/hazardous medications
- Participate in community events such as flu clinics, and brown bag events

Pharmacy Intern

Temple University Hospital (TUH), Out-Patient Pharmacy - October 2012 to March 2014

- Accurately processed, compounded, and prepared prescriptions to be checked by pharmacist
- Participated in medication adherence, brownbag events, and patient consultations
- Coordinated Pharmacy Week 2013 with pharmacist preceptor, presented poster on Heart failure, and performed blood pressure check-ups

Research Assistant

Princeton University, Plasma Physics Laboratory - Princeton, NJ - December 2011 to August 2012

- Gathered information on the FDA approval and Nuclear Regulatory Commission (NRC) licensing of the radiopharmaceutical, Technetium 99m (TC-99m.)
- Outlined a detailed step by step process of licensing a low yield TC-99m product and worked with a team of scientists to present poster at the end of internship

Research Assistant

Temple University, Current good manufacturing practice (cGMP) services - Philadelphia, PA - June 2011 to May 2012

- Manufactured, packaged and shipped different types of placebo tablets using CGMP guidelines
- Assisted PHD students on pharmaceutical evaluation of compound stability under various environmental conditions
