WORK EXPERIENCE

AV Smart System Integrator/Installer

VU World - 2012 to Present

- Integrator and Installation of AV Smart Systems and Home Control (Shades, Lighting), Climate Control, A/V Control, Remote Access Security. Savant, Connect 4, Sonos

Working in New Construction sites all over the Philadelphia area exhibiting proficiency with most hand tools and power tools. Reading blueprints, soldering and hand termination of most connectors, basic electrical wiring, basic networking, inventory, supply ordering, programming, customer relations and driving box trucks, in a physically demanding environment, all with a great attitude, are part of my daily duties.

Recording Engineer/Live Sound Engineer/AV Technician/AV Rack Builder

The Warehouse/Sonic Recording/Arsenal Sound/EBE Ent./ MIT - 1991 to Present

- The Warehouse-Sonic Recording/ The Lab

Recording, editing, mixing audio using state of the art analog and digital tools in order to recreate audio in the best possible manner or to the specifications of the clients personal vision.

- EBE - Creating, setting up, running and striking complex live sound configurations. Sound Tech for Eddie Bruce Orchestra for 6 years and Barcelona (12 Piece Band) for 4 years.

- Media Innovations Technology - Working as an A1 on numerous medical conferences. Experience with Audio setup, screens, pipe and drape, basic projector skills, wiring, breakouts. From the latest digital technologies to sitting outside rooms recording presentations onto a Marantz tape recorder for duplication (Hi Tech!).

- Arsenal Sound - 2010-2011- A/V rack building and wiring for dozens of the A/V racks (Crestron, BSS, etc.) in use in lounges and restaurants at the Revel Casino. Audio system install at Ivan Kane's Royal Jelly (Revel). Proficient at reading blueprints, wiring and soldering of many types of terminations.

Extensive knowledge of the science of sound as well as the inner workings of electronics relating to the reproduction of all things audio.

Extensive mechanical knowledge of computers as well as proficiency with industry standard software, (Logic, Pro Tools, Digital Performer, Final Cut Pro, Photoshop, Dreamweaver, etc.) Basic proficiency in Microsoft Office, web design and networking tools.

Working with clients in bringing conceptual ideas to reality, while meeting critical deadlines and skillfully working under pressure.
