To start a career as a Pharmacist.

### WORK EXPERIENCE

#### Pharmacist

Yorke Pharmacy - Levittown, PA - November 2011 to Present

Review & interpret physician orders, oversee technician duties, detect therapeutic incompatibilities, oversee safe ordering & storage of medications, counsel patients, comply with all PA & federal pharmacy laws, resolve third party billing issues, communicate with prescribers, nursing homes & LTC centers, ensure all unit dosed and nursing home/long-term care patient medications/supplies are delivered on time.

#### APPE Pharmacy Rotation Student

Albert Einstein Medical Center - March 2011 to April 2011

APPE Rotation 8 (5 weeks)

Acute care- ICU at AEMC

Duties: Round with ICU medical team, review patient charts, provide recommendations and help optimize drug therapy. Students were also responsible for answering drug information questions and completing assignments such as case presentations, journal clubs and topic discussions.

#### APPE Pharmacy Rotation student

Ashton family Practice - Philadelphia, PA - February 2011 to March 2011

Worked with physicians to observe and understand diagnosis procedures and disease state management. Counseled patients on new and existing medications, asked them about how their therapy is working for them and looked into monitoring parameters & compliance issues. Also helped manage insurance issues such as prior authorizations. Patient case presentations, disease state reviews, journal clubs and drug information questions were presented weekly.

#### APPE Pharmacy Rotation student

Millennium Pharmacy Systems - Hatfield, PA - January 2011 to February 2011

Observed and learned the duties of a consultant pharmacist. Learned the laws associated with long term care and made interventions to optimize drug therapy. Reviewed patient charts to check drug appropriateness in terms of indication, monitoring and efficacy. Assigned drug information projects, journal clubs and various other assignments.

#### APPE Pharmacy Rotation Student

Home Solutions - Horsham, PA - November 2010 to December 2010

Gained a significant amount of experience in the IV room as I worked along side pharmacists and technicians for 5 weeks. Observed pharmacist duties in checking medication, making calculations, reviewing lab values and taking physician orders. Observed how pharmacist help meet many home health care needs for patients outside of medications such as medical supplies.

#### APPE Pharmacy Rotation Student

Albert Einstein Medical Center - Philadelphia, PA - October 2010 to November 2010

General Medicine Rotation Albert Einstein Medical Center

Duties: Round with medical team and review patient charts and medication use prior to rounds. Patient case presentations, topic discussions and journal clubs were all student responsibilities. Teach medication topics to medical team upon request.

### **APPE Pharmacy Rotation Student**

Albert Einstein Medical Center - Philadelphia, PA - August 2010 to September 2010

HPP (Hospital Pharmacy Practice)

Albert Einstein Medical Center

Received overview of hospital pharmacy processes, rules and regulations. Reviewed patient cases and went through medication use patterns in the hospital. Discussed role of pharmacists to decrease hospital stay. Went over the administrative duties that the pharmacy department is responsible.

### **APPE Pharmacy Rotation Student**

Medicine Shoppe - Cheltenham, PA - July 2010 to August 2010

Community Pharmacy Rotation.

Medicine Shoppe Pharmacy

Learned business aspect of independent community pharmacy. Provided counseling and education to patients. Dealt with insurance issues and other problems encountered in community pharmacy. Interacted with other health professionals on a daily basis. Provided a diabetes awareness event at the pharmacy.

### **APPE Pharmacy Rotation Student**

Cigna Home Delivery Pharmacy - Horsham, PA - May 2010 to June 2010

Received an overview of Mail order pharmacy and went through processes that the different types of technicians and pharmacists perform. Learned about the compartmentalized approach to pharmacy that is employed to run a large scale operation. Presented on various disease states and their management. Looked up drug information questions assigned by pharmacists.

### **Pharmacy Intern**

Rite Aid - Upper Darby, PA - January 2007 to November 2009

Duties: Patient greeting & data collection, data entry, provided prescription/OTC counseling, taking Rx transfers & physician orders over the phone, assisting with inventory control and prescription filing.

### **Pharmacy Volunteer**

Pharmacy Department (Outpatient) - Philadelphia, VA - September 2008 to May 2009

Philadelphia VA medical center

assisted in patient care and observed pharmacist duties such as counseling and therapy management. Assisted Pharmacist and Pharmacy techs in various duties.
