WORK EXPERIENCE

Staff Pharmacist

Walmart Pharmacy - Marlton, NJ - October 2013 to September 2014

Promoted and maintained the pharmacy's professional reputation. Monitored and resolved problems in the prescription filling process by processing information for third party insurance claims. Complied with company policies, procedures and standards of ethics. Trained and supervised pharmacy technicians.

Pharmacy Manager

ACME/Sav-on Pharmacy - Woodbury, NJ - March 1997 to August 2013

Provide courteous and professional consultation to our patients regarding Rx and OTC therapies. Prioritize work flow and processing prescriptions; insuring completeness and accuracy of each prescription dispensed. Overseeing the cost effective ordering of Rx products to maintain levels at or below commitment. Instruct IPPE and APPE students from the Philadelphia College of Pharmacy in all aspects of community practice including exposure to both State (PA, NJ and DE) and Federal laws governing the practice of Pharmacy in the Community setting. Provided supervision and participated in community based service programs off-site including blood pressure screening and medication consultation. Administer vaccinations.

Adjunct Faculty

University of the Sciences - Philadelphia, PA - September 1996 to January 1997

September 1996 to January 1997

Philadelphia, PA

Adjunct Faculty

Instructor in Community Pharmacy Practice; taught communication courses, directed pharmacotherapeutics laboratory, instructor in community pharmacy management.

Professional Consultant

Evesham Apothecary - Marlton, NJ - June 1996 to September 1996

Provide periodic consultations which include a commitment to quality patient care through the education and development of personnel directly responsible for that care.

President, Owner and Chief Pharmacist

Marlton Pharmacy - Marlton, NJ - July 1987 to June 1996

Supervise both Retail and Nursing Home divisions. Served as a preceptor for many students from PCPS and Temple. Established the apothecary-type practice with emphasis on patient counseling and offering such free services as blood pressure screening and glucose testing.

Proprietor

Bridesburg Pharmacy - Philadelphia, PA - July 1986 to June 1987

Transformation of neglected neighborhood drug store to an apothecary practice. Features

included medical equipment, blood pressure screening and separate area dedicated solely to patient consultation. Clerkship site for fifth year PCPS students.

Adjunct Faculty

Philadelphia College of Pharmacy and Science - Philadelphia, PA - September 1985 to June 1986

Instructor in the fourth year pharmacotherapeutics lab for both BS and Pharm.D. candidates. Students principles to practical application (e.g., compliance, precautions, drug interactions, adverse events, proper dosing, etc.). Instructor in the professional communications recitation.

Resident

Amherst Pharmacy - Lumberton, NJ - June 1985 to June 1986

In conjunction with the Philadelphia College of Pharmacy and Science, this one year post- baccalaureate CPRP was of the first such residents in the nation. This program furnished skills necessary to purchase and operate a private community practice. Drs. Calvin Knowlton and George Downs served as preceptors.

Assistant Manager

Thrift Drug - Philadelphia, PA - June 1984 to June 1985

Primary responsibilities included managing the prescription portion of the business. Delegating to employees, hiring, firing, inventory control, and managed accounting books weekly.

Senior Medical Correspondent, Medical Affairs

Smith Kline and French Labs - Philadelphia, PA - September 1983 to June 1984

Philadelphia, PA

Senior Medical Correspondent, Medical Affairs

Worked directly with a team of physicians, pharmacists and other health care professionals in responding to medical information queries generated by the SK&F representatives as well as from practicing physicians, pharmacists and nurses.

Summer Intern

DuPont Pharmaceuticals - Wilmington, DE - May 1983 to September 1983

Enrolled in the PCPS/Drexel MBA program (one year complete), and participated in the area of new product planning with primary emphasis on marketing of new products, as well as projected sales and competition.

EDUCATION

Bachelor of Science

Philadelphia College of Pharmacy and Science - Philadelphia, PA
May 1983
