### Teller

WELLS FARGO - June 2012 to November 2013

Dealt with handling day to day transactions: including cashing checks, paying loans, depositing money.

- Sales oriented- ability to talk to a customer and interact with them.
- Ability to work together with other tellers and bankers to figure out solutions to the customers different banking needs.
- Customer service presenting opportunities to customers to upgrade to wells fargo products which could be of benefit to them and assuring customers had an amazing, friendly, easy, fast banking experience.

### Teller

TD BANK - September 2006 to August 2010

Dealt with handling day to day transactions: including cashing checks, paying loans, depositing money.

- Handling commercial transactions involving large sums of money.
- As Commerce Bank transitioned to TD Bank, I started cross selling products, such as loans, CDs, and new accounts in addition to other customer service related duties.

## EDUCATION

### **Electrical and Computer Engineering**

Rutgers University - New Brunswick, NJ

January 2013

## ADDITIONAL INFORMATION

I currently have my Computer and Electrical Engineering Bachelor's Degree from Rutgers University. I would love to get more into the Electrical side of my degree. I have learned new and exciting things perusing the Computer side of my degree, but the Electrical side is what I love. I would love to gain an entry level position for electrical engineering and be able to learn new things and be able to help not only myself, but the company succeed.
